---

# Data Review Committee

---

Accurate  
and  
timely  
data  
collection  
and  
reporting

Create a data review committee that includes skills from higher education, such as epidemiology, statistics and sociology.

---

Form relationships with the four local hospitals (Kaweah, Adventist, Tulare District and Sierra View) for purpose of data sharing

---

Engage interns and other volunteers to process data

---

Reflect as a review committee on what story the data is telling

---

Report to task for quarterly on findings

---

Publish timely and accurate reports on a quarterly basis on [sptf.org](http://sptf.org) to share with stakeholders.

---

# Community Engagement & Investment Committee

---

Increase community-wide awareness of suicide and suicide prevention issues

Promote systems change

---

Develop common message and deliver that message community wide

---

Engage private and civic organizations to invest human and financial resources in the mission

---

Designate volunteer recruiter/coordinator

---

Coordinate and collaborate with Intervention Oversight Committee

---
